Oak Origins and Options

We offer cooperage from the following French source forests on request: Allier, Indre et Loire, Loiret, Vosges, Limosin, and Nievre. We offer cooperage from American and Hungarian oak on request. Brands, black painted hoops, racking valves, plexiglass head, and other options are available on request.

Vinification Intégrale and OXoline accessories

All of the cooperage products listed herein can be fitted and delivered with Vinification Intégrale hardware. We are the exclusive distributor of the OXoline barrel stacking system which allows for rotation of fermenting barrels, cleaning in place, and access to each barrel.

Prices and delivery

Prices are inclusive of delivery to winery for all orders of 20 or more barrels, 10 for customers placing first order. Discount for full container orders will be applied.
